Q11: What would help immigrant families participate in community activities more easily? (Example: clearer information, translation support, activity recommendations, etc.) 32 ⓘ

What would help immigrant families participate in community activities more...

Friendly community staff who can answer questions

Some recommendation may help us to check if the activities we wants to go

Some easy way to find information

better English

Learn some English that can communicate with other easier

Clear information, With similar family backgrounds, welcome by the local family

free activities

An environment where I can practice and let myself know what will happen during the activity.

What would help immigrant families participate in community activities more...

We are quite busy with work and don't have much time to look for suitable activities, if there is anything can remind me like a short text message might be helpful

Activity recommendations for families.

Community events that welcome different cultures

activity recommendations

Translation support

Improve English skill, Know how to communicate with families from other cultural backgrounds.

Community volunteers to guide newcomers

多一些机会练习英文

Closer locations, easier-to-understand procedures...

School-Based Communication. Schools can share recommended local activities for children (sports, libraries, art programs, holiday camps). Teachers can help explain how activities benefit children's social development and language learning.

Maybe some local friends?

Ideally, there would be an app that could integrate the activities or clearly tell me what I need to do.

Social media groups for sharing local events
